# The G'Day Campaign

**There is more to loneliness than being alone!**

What can your club do in this Covid time??

Creating the tools to help lonely people identify what loneliness is and how they can connect to a better life

Helping first responders such as family members, friends, Doctors and workmates to identify loneliness in others, then equipping them with the tools to help

Encouraging people to make new contacts by joining like-minded interest groups. These could be centered around sport, walking, music, cooking or art etc.

Connecting newly arrived immigrants with community resources Assisting women who have been affected by domestic violence and abuse with solutions to help them with their situation

Encouraging older men to visit men's sheds to learn new skills and make new friends Helping homeless people back on their feet
